

TEXFUTURE TOKYO 2026

Custom Wool & Wool Blends for Japanese Apparel Brands

BVK Exports makes Merino knitwear, base layers and blends from fibre to finished garment. We're at Tokyo International Forum to meet Japanese brands, importers and trading houses – not exhibiting, just building relationships.

SPECIFICATION

What we knit, blend & finish

FIBRE

100% fine Merino wool, from 15.5 micron

STRUCTURES

Single jersey · jersey with spandex · interlock · spacer

GARMENTS

Knitwear · base layers · hoodies · layering

BLENDS

Wool/bamboo · wool/nylon · wool/tencel · wool/
bamboo/polyester

INTEGRATED OPERATIONS

Knitting, finishing and sewing in-house – tighter
development and production control.

WHY MERINO

01

Softness

Fine diameter fibres sit easily
against the skin

02

Breathability

Moisture moved as vapour,
before it becomes discomfort

03

Temperature

Comfort held across a wider
range of conditions

04

Versatility

From base layers to lifestyle
and outer layering

PROMISE • PROOF

HOW WE BUY

You get the exact fabric you asked for

Our own team buys every yarn. Nothing is swapped for a cheaper substitute unless you approve it in writing.

HOW WE MAKE IT

Clean power, & no harmful chemicals

Solar and wind run the factory. Each garment saves ~400 g of CO₂, with no PFAS, formaldehyde, azo dyes or BPA.
